"CAT-2"
# Heavy-Duty Label Rewinders

LABELMATE's **Constant Adjustable Torque****tm** **("CAT")** technology has made the silent, easy-to-use **CAT-2** the **"Industry Standard"** Label Rewinder. There are no awkward dancer arms, troublesome belts or clutches. The standard **CAT-2** handles labels up to 155 mm (6-inches) wide and will wind a roll of labels up to a 330 mm (13") diameter. Torque and Direction are fully controllable from the Control Panel. Dual torque ranges provide plenty of power for use with a LABELMATE Slitter, too.

For wider labels up to 255 mm (10"), choose the **CAT-2-10".** (shown at right)

Model **CAT-2-ACH** includes an Adjustable Core Holder that accepts any core size from 25 mm to 100 mm (1-inch to 4-inches) in diameter and up to 155 mm (6-inches) in width.

The optional Adjustable Paper Guide **APG-CAT** with movable arm can be installed in minutes on the base of the **CAT-2-ACH or CHUCK.** This inexpensive accessory guides the outer edge of the label roll as it's being rewound to ensure even roll alignment.

The **CAT-2-CHUCK** includes LABELMATE's durable **"Quick-Chuck"****tm** quick-locking Core Chuck, permitting the fastest loading and unloading of cores and label rolls. The **CAT-2-CHUCK** is ideal for label slitting applications, high-volume production environments, or anywhere the ultimate convenience in Rewinders is desired. The **CAT-2-CHUCK** is available for 38-,40-,44-,70, 76- and 100 mm cores.

Rugged, heavy-gauge steel construction allows your **CAT-2** Rewinder to be simply set in place. Special anti-slip feet keep the unit from moving. The **CAT-2** handles any rewind job and with its "HIGH" torque range can also power the LABELMATE **S-100** or **S-200** Label Slitters. Reliable, high quality and maintenance-free, the Heavy-Duty **CAT-2** Label Rewinders feature a **3-Year Parts and Labor Limited Warranty**, the longest in the industry. Put LABELMATE **CAT-2** Label Rewinders to work for you today and enjoy a new dimension in label rewinding convenience and reliability. Custom colors, badging, and special core holders are available for private label applications.

Full Size *"CAT-2"* **Heavy-Duty Label Rewinders and Options**

MODEL	ADD SUFFIX	DESCRIPTION	WIDTH	DIAM.	SPEED
CAT-2	CHUCK	The industry standard Heavy-duty Label Rewinder with an easy-loading 'Quick-Chuck'. Ideal for production work. 76 mm (3") standard*.	Up to 170 mm (6,5")	Up to 330 mm (13")	Up to 76 cm/s (30 ips, inches per second)
	STANDARD	The 'Industry Standard' Heavy-duty Label Rewinder. 76 mm (3") standard*.	Up to 155 mm (6")	Up to 330 mm (13")	
	1-INCH	CAT-2 for 25 mm (1") diameter cores.	Up to 155 mm (6")	Up to 220 mm (8,6")	
	10-INCHES	CAT-2 for labels up to 255 mm wide. 76 mm (3") standard*.	Up to 255 mm (10")	Up to 330 mm (13")
